	Software and Cable for TRACTION MPL50 Li Battery Charger and SuTech SPIC50 Battery Charger	Model(s): All with 12-volt Li-ion battery	

To: **All Retailers, Authorized Repairers, National Sales Companies and Importers**

Attention: **The Managing Director/Retailer head of business/General Manager. The Service/After-Sales Director/Manager**

Dear colleagues,

A software update will release additional enhancements to support the markets and/or Retailers that have purchased the TRACTION MPL50 Li Battery Charger or SuTech SPIC50 Battery Charger. Enhancements improve:

- Charging the 12-volt Li-ion battery in-vehicle and maintain the out-of-vehicle process
- the relay closing function for the 12-volt Li-ion battery
- the Battery Support Unit (BSU) function

The software is only applicable to the TRACTION MPL50 Li and SuTech SPIC50 battery chargers detailed in the below table. Any units outside of the detailed serial numbers will have the latest level software installed.

	<u>Traction MPL50 Li</u>	<u>SuTech SPIC50</u>
